

## PATENT DRAWING GLOSSARY; 035P0001

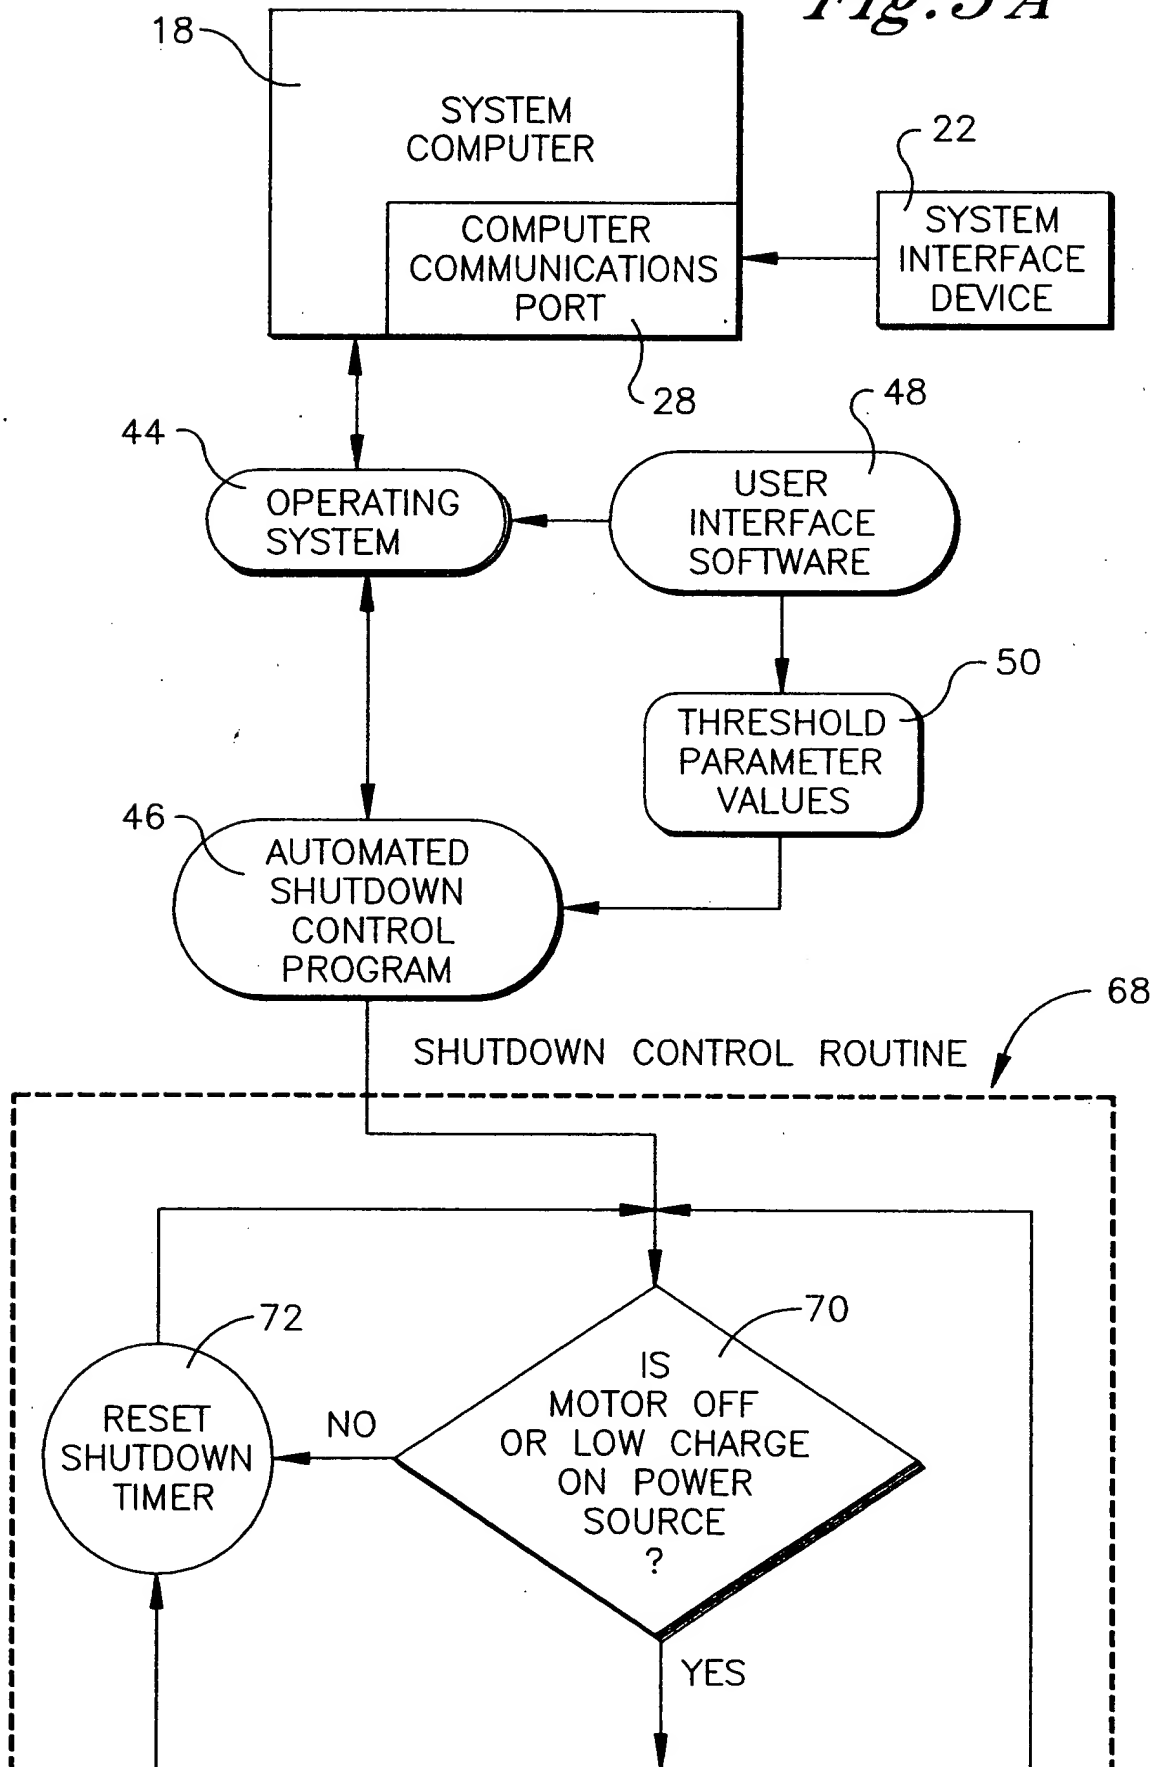

10 mobile data system  
12 vehicle engine  
14 vehicle electrical power source  
16 hard wire coupling (12,14)  
18 system computer  
20 computer power supply  
22 system interface device  
24 computer input device  
26 computer output device  
28 computer communications port  
30 hard wire coupling (14, 22)  
32 hard wire coupling (22, 20)  
34 hard wire coupling (20, 18)  
36 hard wire coupling (28, 22)  
38 hard wire coupling (18, 24)  
40 hard wire coupling (18, 26)  
41 hard wire coupling ((30, 26)  
42 hard wire coupling (26, 22)  
44 operating system  
46 automated shutdown control program  
48 user interface software  
50 threshold parameter values  
52 microprocessor  
54 analog to digital converter  
56 voltage regulator  
58 interface communications port  
60 interface input/output port  
62 power conditioning and control device  
64 temperature sensor  
66 interface operating program  
68 shutdown control routine  
70 step  
72 step  
74 step  
76 step  
78 step  
80 automatic shutdown sequence
